Team Purpose Statement – Early Stage One and

Stage One 2014

We serve the Early Stage One and Stage One students and parents of Bomaderry Public School by providing high quality and engaging learning opportunities in a safe and nurturing environment to help students achieve stage outcomes, their personal goals and to become lifelong learners.

By doing this, we help our school achieve our school targets of improving Literacy and Numeracy outcomes, improving engagement and attainment and improving learning outcomes for Aboriginal students so as we may close the educational gap.

We will drive our school’s purpose through a consistent approach to teaching and learning, high expectations, personalised and differentiated learning and building relationships of trust with our students and our community.

Our teaching and learning will be underpinned by the Quality Teaching Framework as we aim to improve the intellectual quality of our students, bring significance to their learning as well as providing a quality learning environment for this learning to take place.
